Thank you IBSC.....

Dear Friends,

We appreciate so much your gift to our church in Leonard's memory. We have been overwhelmed at the outpouring of love and concern to us both now and throughout his long battle.

The girls and I are doing really well. Leonard was such an inspiration for us through it all with his upbeat, positive attitude, his strong faith and his never ending, crazy sense of humor. Because of his example we can be stronger.

I hope ya'll know just how much he enjoyed each of you! Ya'll were all very special to him!

Please know how much we appreciate your thoughtfulness but especially your friendship through the years.

*Sincerely,
Virginia Jonte*

Welcome...

Southeast Regional Center for Financial Training, Inc. (SER CFT) is an organization that provides education services to bankers throughout South Carolina and over half the state of Florida. Annually, in South Carolina, over twenty-five banks participate in the Southeast Regional CFT program by sending close to 700 bankers to American Institute of Banking (AIB) courses. These include in-person, instructor-led online, self-paced online, and assisted self-study educational programs. Many of these bankers are pursuing AIB Diplomas and Certificates. Each year, SER CFT is proud to congratulate approximately 150 AIB Diploma and Certificate recipients, with many of these coming from South Carolina.

In addition to AIB Principles of Banking, CFT offers a full range of courses to the busy banker. CFT has Lending, Retail Banking, Analyzing Financial Statements, Human Resources, Banking Law & Compliance, Marketing, Customer Service, Wealth Management & Trust, and Business Banking. There are over 160 courses in the AIB curriculum.

After many years, Lisa Phillips, Executive Director for with CFT for 22 years, still finds that there are some bankers who wonder about the connection between CFT and AIB. Southeast Regional CFT is a non-profit organization, in non-stop operation since 1910. SER CFT, still offers the high-quality AIB programs – in-person and electronically delivered, just as you have always expected, just with a different name.

The connections with South Carolina go beyond the students for Southeast Regional CFT. Executive Director Lisa Phillips works with over forty South Carolina bankers as instructors each year to offer in-person courses, and several South Carolina bankers serve on the Southeast Regional Board of Directors. CFT also maintains a South Carolina Board of Directors.

As a representative of Southeast Regional CFT, Lisa Phillips is pleased to be a member of IBSC.
